

Advanced Eraser+ Hand Scrub

CODE NO: 455

DESCRIPTION

Advanced Eraser+ Hand Scrub is a specialised hand cleaner designed to effortlessly remove tough paints, adhesives, and resin-based substances that standard industrial cleaners struggle with. Ideal for professionals across a range of industries such as automotive refinishing, furniture manufacturing, painting, fibreglass and composite plastics, construction, and home improvement. Made with biodegradable, naturally derived ester solvents and gentle pumice abrasives, it breaks down acrylics, enamels, urethanes, and more, without relying on harsh petroleum-based solvents.

Eraser+ has a near-neutral pH and includes skin-friendly moisturisers, offering powerful yet safe cleaning for hardworking hands.

BENEFITS

- ✓ Effective on tough substances
- ✓ Safe and skin friendly
- ✓ Eco-friendly formula
- ✓ No petroleum-based solvents

ENVIRONMENTAL ASPECTS

- ✓ Non-corrosive
- ✓ Non-flammable
- ✓ Non-toxic
- ✓ No petroleum-based solvents

PRODUCT AVAILABILITY

This product is available in 500ML and 5L.

DIRECTIONS FOR USE

1. **APPLY:** Dispense a small amount of Eraser+ onto your hands.
2. **SCRUB:** Rub the product into your skin, concentrating on areas with paint, adhesives, or grease. Allow the pumice and solvents to break down the tough residues.
3. **RINSE:** Rinse your hands well under water to remove any remaining residue. Repeat if needed.
4. **DRY:** Dry your hands with a clean towel.
