

Mould No More

DESCRIPTION & BENEFITS

MOULD NO MORE is a safer thin foamy detergent sanitiser with a characteristic chlorine odour which removes dirt, scum, mould, germs and stubborn stains. It contains a blend of surfactants to produce long lasting stable foam, with selected alkalis to hydrolyse and saponify fats.

MOULD NO MORE can be used to clean tiles and grout, concrete, stainless steel and most surfaces. It is ideal for use in food and beverage processing areas, machinery, floors, walls, bench tops, shower, toilets, tiles, bathroom floors etc... Also great to clean cool rooms in factories where dampness and mould are a problem.

- ✓ Powerful cleaner sanitiser
- ✓ Kills and remove mould
- ✓ Cleans Bathrooms, leaves grouting gleaming clean
- ✓ Can be used through a pressure unit or manually

DIRECTIONS FOR USE

As a Disinfectant: Use undiluted. Squirt evenly over surface. Leave 2-10 minutes to kill mould and germs. Rinse clean.
