

ADVANCED OVEN & GRILL CLEANER

CODE NO: 411

DESCRIPTION

HEAVY DUTY CLEANER FOR OVENS, GRILLS, RANGES AND OTHER EQUIPMENT

Effortlessly remove tough grease and baked-on food with our **Advanced Oven & Grill Cleaner**. This heavy-duty, concentrated cleaner works fast on ovens, grills, hoods and more. It's suitable for both neat and diluted use on stainless steel and enamelled surfaces, minimising scrubbing and cleaning time.

Advanced Oven & Grill Cleaner is a brown thin liquid. This product is fast and effective. This product is not suitable for use on decorative surfaces, chrome or aluminium.

BENEFITS

- ✓ Concentrated formula
- ✓ Heavy duty
- ✓ No harsh scrubbing required

ENVIRONMENTAL ASPECTS

- ✓ Low phosphate

PRODUCT AVAILABILITY

This product is available in 5L, 15L & 20L.

Always follow directions for use on the product label. Please visit www.cleanplus.com.au to find the Safety Data Sheet for this product.

CAUTION: This product is HIGHLY ALKALINE and CORROSIVE. Avoid contact with skin and eyes. Wear suitable gloves and eye/face protection. Do not mix product with hot water.

DIRECTIONS FOR USE

1. Decant Advanced Oven & Grill Cleaner into a dispensing bottle.
2. At arm's length, spray slowly onto the surface and avoid misting. Do not use on surfaces above 80°C as it will boil off.
3. Let the cleaner work for 2-3 minutes.
4. Clean the area with a brush, spatula or scrub pad.
5. Rinse thoroughly with clean water.
6. For surfaces in contact with food, such as grill plates, a final rinse with a diluted vinegar solution will remove any leftover alkaline traces. If the residue is particularly stubborn or baked-on, let the cleaner sit for at least an hour and use a scrub pad for removal.

Please note: If spraying causes irritation, please wear a respirator with a P2 or P3 filter. Do not use on aluminium surfaces such as range hood filters.
