

Floor Neutraliser

DESCRIPTION & BENEFITS

Floor Neutraliser is a Heavy duty neutraliser with organic acids. A must to apply after floor stripping and before applying sealer to correct pH level and neutralise floor. It is a blue liquid, with a citrus fragrance.

- ✓ Reduces alkalinity after floor stripping
- ✓ Better adhesion for sealers
- ✓ Removes water spots on vitrified and ceramic tiles
- ✓ Ideal to remove any sticky alkaline residue after using Tornado

DIRECTIONS FOR USE

After stripping Terrazzo use Floor Neutraliser in the first rinse after the slurry has been picked up.
